

**NORTHERN  
STAGE**

**SCENIC  
SERVICES**

---

## Northern Stage is the largest producing theatre company in the north east of England.

We make sets, props and costumes for our own productions and work with clients on events on a range of scales, across the UK.

We also specialise in bringing design ideas to life for TV, conferences and exhibitions.

Our experienced team are passionate about what they do. From our 10,000 sq. foot workshop facility we provide creative solutions, working with clients to achieve their ambitions on time and to budget. We deliver projects of all sizes, from small one-off projects to large set-builds.

## SERVICES

We can work with you from concept to delivery in:

- Theatre set build / scenic construction
- Prop making
- Drafting service
- Prototyping
- Stage installation / refurbishment
- Scenic painting and finishing
- Paint shop hire
- Set refurbishment / repairs
- Installation and removal service with an experienced technical team
- Bespoke furniture
- Costume making / altering service
- Space hire

The Northern Stage scenic workshop is a fully equipped operational workshop and production space, hireable with or without staff.
